

SHRIMAD RAJCHANDRA
Animal Hospital

Inspiration

Shrimad Rajchandraji

Shrimad Rajchandraji was a self-realised saint, a reformer of Jainism, and a remarkable poet philosopher of the late 19th century. Honoured as the spiritual guide of Mahatma Gandhi, Shrimad Rajchandraji had a tremendous influence on the Father of the Nation.

“Such was the man who captivated my heart in religious matters as no other man has till now.”
~ Mahatma Gandhi, Modern Review, June 1930

Pujya Gurudevshri Rakeshji

An ardent devotee of Shrimad Rajchandraji, Pujya Gurudevshri Rakeshji is a spiritual visionary and a modern-day mystic. He is the founder of Shrimad Rajchandra Mission Dharampur, a global movement that endeavours to enhance the spiritual growth of seekers and benefit the society. The Mission has 108 centres around the world.

1. HEALTH CARE

2. EDUCATIONAL CARE

3. CHILD CARE

4. WOMAN CARE

5. TRIBAL CARE

7. HUMANITARIAN CARE

6. COMMUNITY CARE

10. EMERGENCY RELIEF CARE

9. ENVIRONMENTAL CARE

8. ANIMAL CARE

SHRIMAD RAJCHANDRA Love and Care

A unique 10-fold
benevolent programme

Shrimad Rajchandra Love and Care is a holistic, multi-pronged 10-Care Programme powered by genuine empathy, love and care, delivering over 50 high quality, charitable sustainable initiatives for the welfare of mankind, animals and the environment.

United Nations Consultative Status

As of 2020, Shrimad Rajchandra Love and Care has been conferred the 'Special Consultative Status' by the United Nations Economic & Social Council (UN ECOSOC).

Consultative status will enable Shrimad Rajchandra Love and Care to play a role in advancing the Sustainable Development Goals of the United Nations, as well as engage with decision-makers at the very highest international level.

Animal Care

The goal is to create a model Ahimsa Centre from where numerous people can take inspiration to nurture love and bonding with animals.

The Animal Care initiatives have received **four ISO certifications** across various categories, which are a testament to the culture of quality and par excellence that is being practised.

Key Areas of Work

1. JIVAMAITRIDHAM
Housing cows, calves and bulls, providing them with a secured shelter, fodder and a holistic environment

2. ANIMAL NURSING HOME
First of its kind medical facility providing quality treatment free or at highly subsidised costs to animal owners and farmers

3. SAVING ANIMALS FROM EXECUTION
Rescuing animals from slaughter and relocating them to animal shelters

4. MOBILE VETERINARY SERVICE
Providing preventive, first-aid and medical treatment to animals

5. CATTLE REHABILITATION
Providing cattle with a home instead of a slaughterhouse, by rehabilitating them to farmers

6. ANIMAL HELPLINE
A dedicated contact number and ambulance to help save lives of sick and injured stray animals and birds

7. AHIMSA AWARENESS DRIVES
Spreading awareness of an ahimsa-based lifestyle to the world

Shrimad Rajchandra Jivamaitridham

A unique fully-equipped animal shelter in Dharampur, Gujarat, Shrimad Rajchandra Jivamaitridham provides animals with a safe, comfortable, and holistic living environment.

Shrimad Rajchandra Animal Nursing Home

Shrimad Rajchandra Animal Nursing Home is the first of its kind medical facility for animals and birds in rural South Gujarat, providing quality treatment free or at highly subsidised costs to animal owners and farmers.

The Animal Nursing Home is well-equipped with modern technology and high-quality facilities including -

- 24x7 OPD Facility
- 2 Operation Theatres
- Sonography Machine
- Mobile X-Ray Machine
- Pathology Lab
- Medical Pharmacy

Since its inauguration, over 7,600 animals have been treated, including several cases of complex surgeries.

Under the Animal Nursing Home, **mega medical camps** are periodically held to make relevant treatment accessible for thousands of animals in rural interiors.

These camps usually cater to over 50 surrounding villages, and often set upto 28 operation theatres in the region, which treat complex illnesses like cancer, tumours, gum diseases etc.

Shrimad Rajchandra Saving Animals From Execution (SAFE)

Shrimad Rajchandra Saving Animals from Execution (SAFE) rescues animals from slaughterhouses and relocates them to animal shelters.

Till date, this programme has saved and relocated over **57,000** animals. Additionally, assistance is being provided to over **150** panjrapoles (animal shelters) across Gujarat, Maharashtra, Rajasthan, Madhya Pradesh, Chhattisgarh and Karnataka, to help them continue their charitable work.

Shrimad Rajchandra Mobile Veterinary Service

Under this initiative, over 220 villages in South Gujarat and over 100km are covered.
61,000 cases have been treated thus far.

Shrimad Rajchandra Mobile Veterinary Service provides preventive, first-aid and medical treatment to animals at their doorstep.

The facilities provided include vaccination, deworming, nutritional supplements and hormone therapy. They also perform minor surgeries. However, when major surgery is required, the animal is referred to and transported to appropriate animal hospitals.

Shrimad Rajchandra Cattle Rehabilitation Programme

To help reduce the burden on animal sanctuaries and provide assistance to local farmers, Shrimad Rajchandra Cattle Rehabilitation Programme helps to match healthy cattle with farmers who could use the cattle for ploughing fields and other activities, while the cattle get a safe home.

Shrimad Rajchandra Animal Helpline

Shrimad Rajchandra Animal Helpline is a dedicated contact number and ambulance to help save the lives of sick and injured stray animals and birds in Mumbai. This helpline provides an organised platform to report animal cruelty and injuries so that animals in pain receive timely and adequate support.

Under this initiative, 22,795 stray animals have been treated on the roads of Mumbai since 2016.

Shrimad Rajchandra Ahimsa Awareness Drives

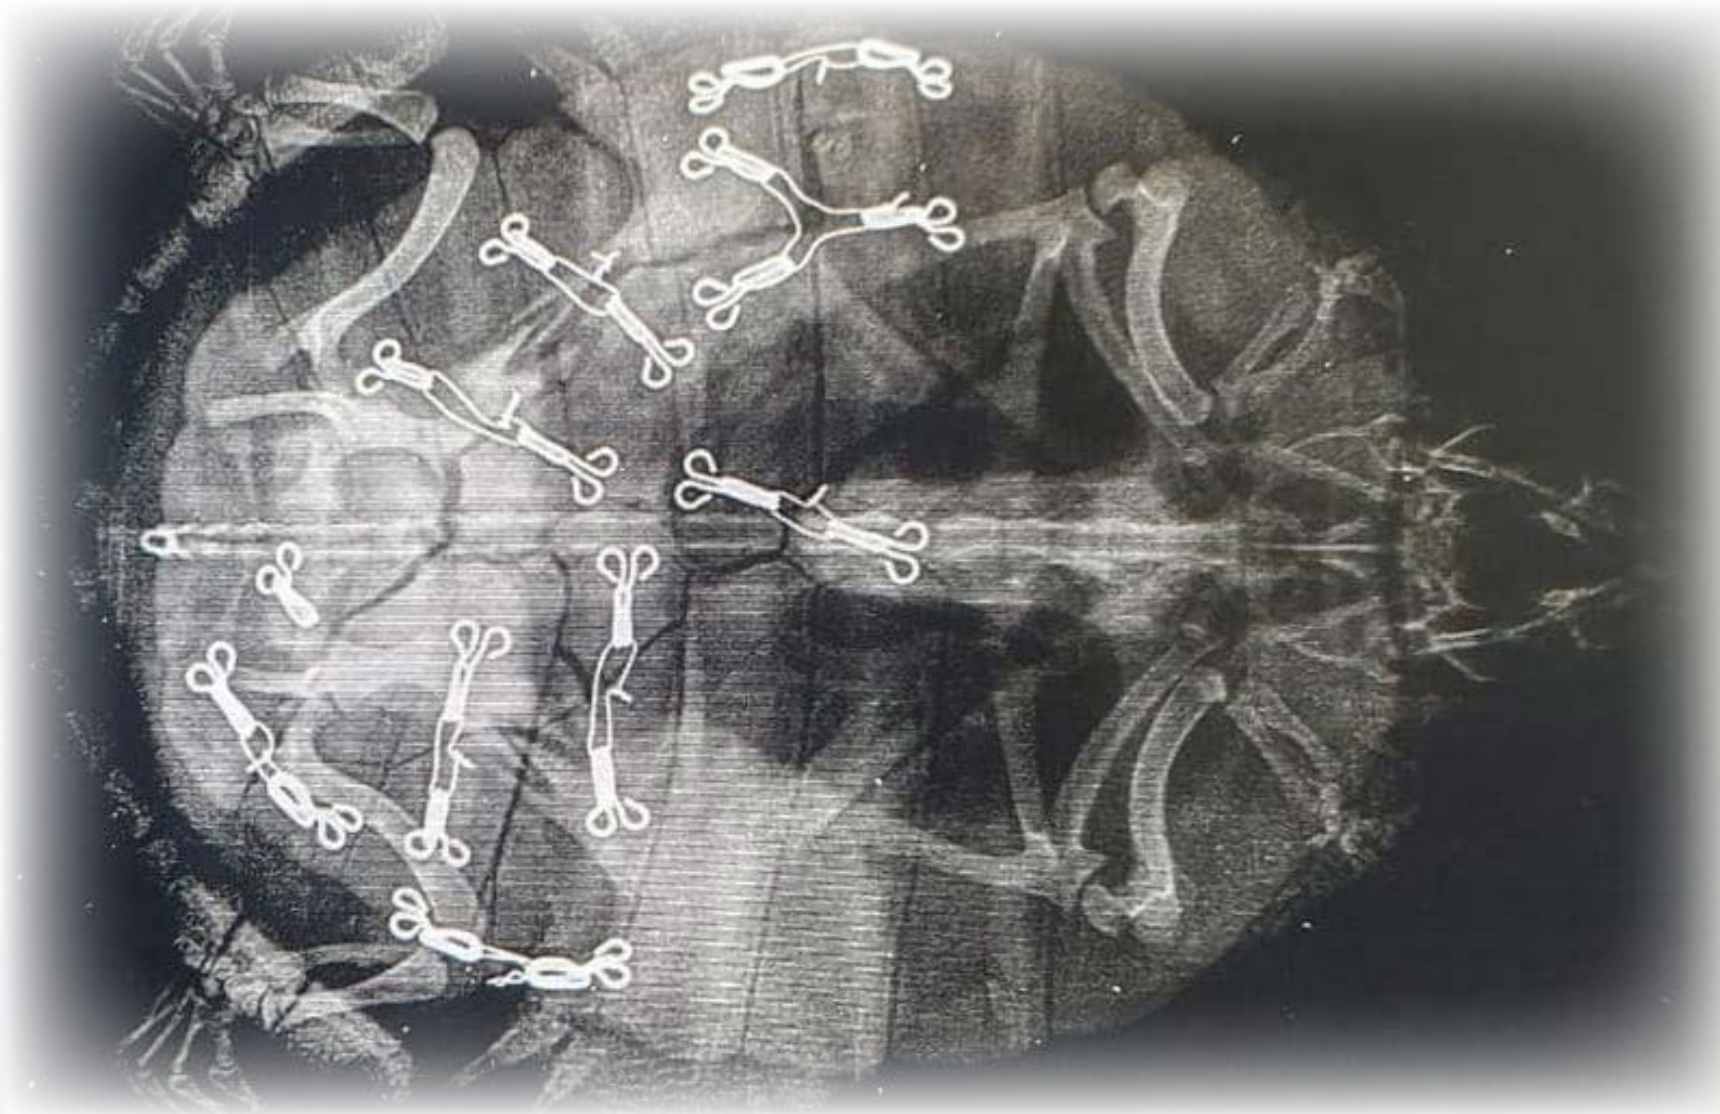

Shrimad Rajchandra Ahimsa Awareness Drives educate people about the cruelties being committed against animals by luxury, fashion and food industries, and encourage people to use animal-friendly products through gripping presentations and exhibitions.

Heartwarming Stories of Recovery

An Ox with 4th Degree Horn Cancer

In the Bhensdara village of rural South Gujarat, doctors of Shrimad Rajchandra Animal Nursing Home treated an ox with pus near its horn. The doctors subsequently diagnosed horn cancer, a highly painful disease. After a successful surgical amputation of the horn, the ox recovered completely.

A Turtle with a Fractured Shell

A turtle crushed by a tractor near Dharampur was immediately brought to Shrimad Rajchandra Animal Nursing Home for treatment. The medical team diagnosed the turtle with a fracture in its shell and sedated it to prevent further pain. The team used a wiring technique to repair the fragmented shell. The team closely monitored the turtle for one month at the nursing home and rehabilitated it back to its habitat.

The Next Breakthrough in Animal Care

At present, over **1,53,000** animals have been treated, saved and rehabilitated by Shrimad Rajchandra Animal Care. Despite an existing Animal Nursing Home, the region has seen a critical demand for pre and post-operative care, intensive care, emergency treatments and rehabilitation. There has been a dire need for accessible infrastructure for complex surgeries and preventive care as well.

To provide end-to-end treatment for all kinds of animals, **Pujya Gurudevshri Rakeshji** envisioned a dedicated, multi-speciality Animal Hospital as the next breakthrough in rural animal care.

The Critical Need for a New Facility

The upcoming hospital is located in the interiors of South Gujarat, a tribal region with farming and animal husbandry as a primary source of income. The population is therefore predominantly dependent on animals.

Further, the nearest facility of a similar kind is over 80 kilometres away. Due to severe poverty and lack of accessibility to medical care, the farmers are often forced to abandon their animals or sell them to slaughterhouses.

Shrimad Rajchandra Animal Hospital

Revolutionising animal healthcare, a state-of-the-art **150-bed hospital**, spanning over **47,000 sq. ft.** is underway. It will be equipped with world-class facilities and a dedicated team of veterinarians and ancillary staff.

A pioneer institution for animal healthcare in India with cutting-edge facilities

Blood Bank

Dialysis

Laser Therapy

Endoscopy
